

Call to Action 2018 Farm Bill:

The Senate Agriculture Committee has released its version of the 2018 Farm Bill, “The Agriculture Improvement Act of 2018”. The bill is scheduled to be considered in the Committee next Wednesday, June 13th.

Specifically, express support for Title VII— Research, Extension and Related Matters.

Consistent with your institution’s standard procedures for making congressional contacts, take the time to follow up on your previous discussions with your state congressional delegation and mobilize your CARET delegates.
